

The screenshot shows a VS Code editor with the Explorer sidebar on the left and a code editor on the right. The Explorer sidebar shows the file structure of a project named 'Resume_RAG'. The code editor displays the contents of 'validate_output.log', which contains a summary of resume ingestion results across 18 batches.

```

The screenshot shows a web interface for managing resumes. The breadcrumb navigation indicates the path: Cluster0 > Resume_RAG > resumes. The 'Documents' tab is selected, showing 150 documents. A query bar at the top allows for searching or generating queries. Below the query bar, a list of documents is displayed, with the first document selected and its details shown in a modal or expanded view.
